Taught by Keeley Duckworth. Her qualifications below stated in her own words.

I have a BA in Theatre Arts from Appalachian State University. I also completed my teaching certification and took additional classes in education in 2002/2003 to receive my license for k-12 theatre and middle school language arts.

I taught Jr. HS Drama for three years and co-directed a drama club to take the McDowell HS drama students to state competition.

I served on the board of Foothills Community Theatre as a member, marketing/sales chair and president over the course of my years in Marion, NC.

During that time I directed Best in Show: a Broadway Musical Review, Once Upon a Mattress, Seussical, Joseph and the Amazing Technicolor Dreamcoat, Into the Woods... as well as Summer camp programs.

I have staged drama projects at church as well, working with adults/youth (FBC Marion) and children (FBC Greensboro).

I have been performing on stage or in the director's chair for almost 30 years of my life.

I love theatre. I love to direct theatre. And I love to teach theatre.

I owe my career successes in sales and marketing to what I learned as a theatre major. Theatre is more than just acting and shows. When I taught in the public school system – I taught a curriculum that instilled teamwork, built confidence/self-esteem and responsibility... and I hope to bring that to the students here.
